The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 87) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 87

Whereas the year 2000 marks the 60th Anniversary of the International Visitors Program;

Whereas the International Visitors Program is the public diplomacy initiative of the United States Department of State that brings distinguished foreign leaders to the United States for short-term professional programs under the authority of the Mutual Educational and Cultural Exchange Act of 1961;

Whereas the purposes of the International Visitors Program include—

(1) increasing mutual understanding and strengthening bilateral relations between the United States and other nations;

(2) developing the web of human connections essential for successful economic and commercial relations, security arrangements, and diplomatic agreements with other nations; and

(3) building cooperation among nations to solve global problems and to achieve a more peaceful world;

Whereas during 6 decades more than 122,000 emerging leaders and specialists from around the world have experienced American democratic institutions, cultural diversity, and core values firsthand as participants in the International Visitors Program;

Whereas thousands of participants in the International Visitors Program rise to influential leadership positions in their countries each year;

Whereas among the International Visitors Program alumni are 185 current and former Chiefs-of-State or Heads of Government, and more than 600 alumni have served as cabinet level ministers;

Whereas prominent alumni of the International Visitors Program include Margaret Thatcher, Anwar Sadat, F.W. de Klerk, Indira Gandhi, and Tony Blair;

Whereas a new configuration of domestic forces has emerged which is shaping global policy and empowering private citizens to an unprecedented degree;

Whereas each year more than 80,000 volunteers affiliated with 97 community-based member organizations and 7 program agency members of the National Council for International Visitors across the United States are actively serving as “citizen diplomats” organizing programs and welcoming International Visitors Program participants into their homes, schools, and workplaces;

Whereas all of the funds appropriated for the International Visitors Program are spent in the United States, and such spending leverages private contributions at a ratio of 1 to 12;

Whereas the International Visitors Program corrects distorted images of the United States, effectively countering misperceptions, underscoring common

human aspirations, advancing United States democratic values, and building a foundation for national and economic security;

Whereas the International Visitors Program provides valuable educational opportunities for United States citizens through special "Back to School With International Visitor" programs and events that increase the knowledge of Americans about foreign societies and cultures, and bring attention to international issues crucial to interests of the United States;

Whereas the International Visitors Program offers emerging foreign leaders a unique view of America, highlighting its vibrant private sector, including both businesses and nonprofit organizations, through farm stays, home hospitality, and meetings with their professional counterparts; and

Whereas the International Visitors Program introduces foreign leaders, specialists, and scholars to the American tradition of volunteerism through exposure to the daily work of thousands of "citizen diplomats" who share the best of America with those foreign leaders, specialists, and scholars: Now, therefore, be it

Resolved, That the Senate—

(1) commemorates the 60th Anniversary of the International Visitors Program and the remarkable public-private sector partnership that sustains it; and

(2) commends the achievements of the thousands of volunteers who are part of the National Council for International Visitors "citizen diplomats" who for 6 decades have daily worked to share the best of America with foreign leaders, specialists, and scholars.

EXPRESSING SENSE OF THE SENATE REGARDING U.S. POSITION OF INCREASING WORLD CRUDE OIL SUPPLIES

Mr. SESSIONS. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 444, S. Res. 263.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 263) expressing the sense of the Senate that the President should communicate to the members of the Organization of Petroleum Exporting Countries ("OPEC") cartel and non-OPEC countries that participate in the cartel of crude oil producing countries, before the meeting of the OPEC nations in March 2000, the position of the United States in favor of increasing world crude oil supplies so as to achieve stable crude oil prices.

There being no objection, the Senate proceeded to consider the resolution, which was reported by the Committee on Foreign Relations, with an amendment to strike out all after the resolving clause and insert the part printed in italic, as follows:

S. RES. 263

Whereas the United States currently imports roughly 55 percent of its crude oil;

Whereas ensuring access to and stable prices for imported crude oil for the United States and major allies and trading partners of the United States is a continuing critical objective of United States foreign and economic policy for the foreseeable future;

Whereas the 11 countries that make up the Organization of Petroleum Exporting Coun-

tries ("OPEC") produce 40 percent of the world's crude oil and control 77 percent of proven reserves, including much of the spare production capacity;

Whereas beginning in March 1998, OPEC instituted 3 tiers of production cuts, which reduced production by 4,300,000 barrels per day and have resulted in dramatic increases in crude oil prices;

Whereas in August 1999, crude oil prices had reached \$21 per barrel and continued rising, exceeding \$25 per barrel by the end of 1999 and \$27 per barrel during the first week of February 2000;

Whereas crude oil prices in the United States rose \$14 per barrel during 1999, the equivalent of 33 cents per gallon;

Whereas the increase has translated into higher prices for gasoline and other refined petroleum products; in the case of gasoline, the increases in crude oil prices have resulted in a penny-for-penny passthrough of increases at the pump;

Whereas increases in the price of crude oil result in increases in prices paid by United States consumers for refined petroleum products, including home heating oil, gasoline, and diesel fuel; and

Whereas increases in the costs of refined petroleum products have a negative effect on many Americans, including the elderly and individuals of low income (whose home heating oil costs have doubled in the last year), families who must pay higher prices at the gas station, farmers (already hurt by low commodity prices, trying to factor increased costs into their budgets in preparation for the growing season), truckers (who face an almost 10-year high in diesel fuel prices), and manufacturers and retailers (who must factor in increased production and transportation costs into the final price of their goods): Now, therefore, be it

Resolved, That it is the sense of the Senate that—

(1) the President and Congress should take both a short-term and a long-term approach to reducing and stabilizing crude oil prices as well as reducing dependence on foreign sources of energy;

(2) to address the problem in the short-term, the President should communicate to the members of the Organization of Petroleum Exporting Countries ("OPEC") cartel and non-OPEC countries that participate in the cartel of crude oil producing countries, prior to their scheduled meeting on March 27, 2000, that—

(A) the United States seeks to maintain strong relations with crude oil producers around the world while promoting international efforts to remove barriers to energy trade and investment and increased access for United States energy firms around the world;

(B) the United States believes that restricting supply in a market that is in demand of additional crude oil does serious damage to the efforts that OPEC members have made to demonstrate that they represent a reliable source of crude oil supply;

(C) the United States believes that stable crude oil prices and supplies are essential for strong economic growth throughout the world; and

(D) the United States seeks an immediate increase in the OPEC crude oil production quotas and not simply an agreement at the March 27, 2000, meeting to lift production quotas at a later date;

(3) the President should be commended for sending Secretary of Energy Richardson to personally communicate with leaders of several members of the Organization of Petroleum Exporting Countries on the need to increase the supply of crude oil;

(4) to ameliorate the long-term problem of the United States dependence on foreign oil sources, the President should—

(A) review all administrative policies, programs, and regulations that put an undue burden on domestic energy producers; and

(B) consider lifting unnecessary regulations that interfere with the ability of United States' domestic oil, gas, coal, hydro-electric, biomass, and other alternative energy industries to supply a greater percentage of the energy needs of the United States; and

(5) to ameliorate the long-term problem of United States dependence on foreign oil sources, the Senate should appropriate sufficient funds for the development of domestic energy sources, including measures to increase the use of biofuels and other renewable resources.

Mr. SESSIONS. Mr. President, I ask unanimous consent that the committee amendment be agreed to.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendment was agreed to.

Mr. SESSIONS. Mr. President, I ask unanimous consent that the resolution, as amended, be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements relating to this resolution be printed in the RECORD.
